**The Bidder's declaration on meeting the conditions of the request for quotation no. 60/2026/M/RNA**

In response to the RfQ no. 60/2026/M/RNA for Celon Pharma S.A. We hereby declare compliance with the following points:

1. We are ready to start the work within immediately of contract signing and the compound being available for shipping in no later than August 2026
- 2.. The Bidder declares the possession of appropriate infrastructure and resources necessary to conduct the non-clinical studies in compliance with Good Laboratory Practice (GLP), including but not limited to animal facilities, experimental rooms, bioanalytical and analytical laboratories, archives, and storage areas.
- 3.. The Bidder declares having an access to an appropriate source of laboratory animals (certified and registered breeding facilities) and ensure adequate veterinary care.
4. The Bidder declares having a relevant experience in conducting studies supporting the development of biological medicinal products, including at least three completed toxicology studies for vaccines. Experience with mRNA-LNP (lipid nanoparticle) vaccines will be considered an additional advantage.
